

Senior Scramble Newsletter

July 26, 2015

WELCOME

The Senior Scramble Newsletter is a weekly publication to keep you informed about what's going on at our Monday and Tuesday Senior Scrambles. Twice each week, Seniors 50+ can come out to play in a 2-Person Scramble. There is no league fee required and each event is \$26 per player for 18 holes with a cart; \$3 of which goes towards a contribution for the cash prize pool and \$2 towards coffee and donuts. Registration begins one hour and thirty minutes prior to tee off for the shotgun start. Upcoming shotgun start times are listed below.

Register for our E-club to receive Senior Scramble Specials each week when the Newsletter is sent out!

Bear Creek Golf Club, "Home of the Grizzly"

Issue 15

Monday, July 20th:
Cancelled due to weather conditions

Tuesday, July 21st:

Monday, August 17: 8am

Tuesday, July 28th: 8am
Tuesday: August 4: 8am
Tuesday, August 11: 8am
Tuesday, August 18: 8am

FEATURED ARTICLE: Pace of Play

A wise man once said that "there are things we can control and things we can't control, and the wisdom is to know the difference". In the case of Senior Scramble pace of play, we can't control rain and the resulting "cart path only", nor can we control rain during a round which causes delays. What all Senior Scramblers can control is the amount of open space between their 4-some and the 4-some in front of them as they move around the course. By 8:10am each morning, all "A" and "B" groups are on the course and "in contact" with the group in front of them, and all players must strive to maintain contact with the group in front at all times. If your 4-some falls behind because you have a "bad hole" you must work to get back in contact with the group ahead. On a recent Monday I tracked 3 different 4-somes that were 1 1/2 holes behind the group in front of them, resulting in a 5 1/2 hour round for some of the groups at the back of the pack. Our lead groups on Monday and Tuesday play 18 holes in 4 hours or less; if all groups take responsibility to stay in contact with the group ahead of them, the last group should still be able to get around in 4 1/2 hours.
